Flash card Activity

“ Which are the benefits and challenges of using Escape Room Games in education?”

Instructions

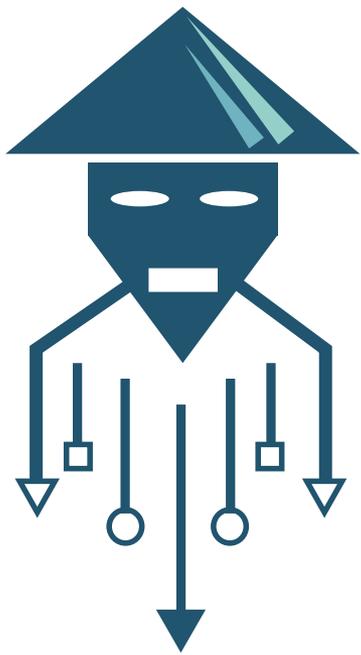

1. Participants should be divided in teams of 2 to 4 people.
2. Provide each team with a set of all flashcards and a board with the “Benefits” and “Challenges”. To do this you should print and crop all flashcards and the board as many times as the groups of teams.
3. Ask each team to discuss about each flashcard whether it should be placed on the “Benefits” or the “Challenges” board and why.
4. After all teams have placed all of their flashcards to each of the two categories ask them to share their results with the whole group together with their explanations and encourage discussion.

NEET SYSTEM

Useful tips:

- Ask participants to decide according to their teaching experiences.
- If one flashcard can be placed to both categories ask participants to select the one that has stronger justification and later after sharing the results they can clarify that the cards can be both a benefit and a challenge for them.
